ABSTRACT:

Methods for generating an immune response at a mucosal surface are described. Compositions suitable for use in the methods for generating an immune response at a mucosal surface are also described. In addition, methods for treating or preventing a disease caused by the entry of a pathogen into the body of a subject via a mucosal surface are provided.

CROSS-REFERENCE TO RELATED APPLICATION

[0001] This application is related to U.S. provisional application serial No. 60/164,529, filed Nov. 10, 1999, from which priority is claimed pursuant to 35 U.S.C. .sctn. 119(e)(1) and which application is incorporated herein by reference

in its entirety.
